- **Focus:** Global Operations and Supply Chain Management, Data analytics, Digital Transformation

## Experience

---

**Data Analyst & ERP Coordinator**, TrueChoicePack - Cincinnati, OH Feb 2023 – Present

- Managed New Product Launches for private label brands, cutting cycle times despite tariff impacts.
- Optimized sourcing and inventory for 300+ SKUs, aligning stock with demand and cutting holding costs.
- Built and automated NetSuite workflows to reduce RFQ response times by 25%, saving \$30K annually.
- Developed Python apps for Ti-Hi/case calculations to optimize pricing and OCR analysis of large contracts.
- Streamlined Order-to-Cash and Procure-to-Pay processes, improving accounting efficiency and accuracy.

**Supply Chain Analyst Intern**, TrueChoicePack - Cincinnati, OH May 2022 – Dec 2022

- Built demand, inventory and backorder reports in NetSuite for B2B/B2C supply chain operations.
- Automated product mapping using Python, increase speed 40% and reduce related costs by 50%.
- Streamlined drop ship processes in NetSuite, reducing order processing time by 60%.

**Technical Consultant**, Aspire Digital Technologies - Bengaluru, India Oct 2020 – Aug 2021

- Led SAP CPQ implementation, reducing quote generation time by 60% for 3 MENA clients.
- Designed and optimized database schemas for pricing and renewal models using Iron Python scripts.
- Enhanced user workflows and seamless integration with SAP ECC, DocuSign, and external APIs.

**Systems Engineer**, Tata Consultancy Services - Bengaluru, India Sep 2017 – Oct 2019

- Enhanced SAP SD modules, resolving 70+ system errors and achieving a 30% reduction in testing efforts.
- Developed technical documentation for SAP workflows, improving system optimization and user adoption.

## Projects

---

### Streamlined Procurement

- **Optimized RFIs to RFQs Process** – Customized NetSuite with SuiteScripts to streamline procurement workflows and enable transparent communication between Sales, Sourcing, and Procurement teams.
- **Improved Supplier Evaluation** – Enhanced vendor records in NetSuite to assess supplier capabilities, enabling faster and more informed supplier selection.
- **Tools Technologies** – NetSuite, SuiteScripts, Python, Streamlit.

### Financial Operations Oversight and Compliance Management

- Conducted 2022-2024 year-end audit, ensuring revenue recognition, by verifying annual revenues, and reconciling inventory levels of 300+ SKUs, to maintain financial transparency and compliance.
- Implemented payroll processes for 40+ employees in NetSuite, covering tax setup, compliance, and 401(k) contributions.
- Utilized US CBP portal to streamline duty charges and refunds of 200+ cargo shipments, 250+ items annually.
